Any Trouble for the New York Club, Catcher Charles Farrell returned from Washagton on the Florida special arriving at Jersey City at 6:22 last night. A Sun reporter met blm and asked what success he had had in his conference with Wagner and Schmelz. Far-

They wouldn't listen to my request for \$500 of the purchase money. When I got there last night I sent word to J. Earl Wagner that would meet him this morning. When he saw me heasked:

What do you want? 'I've come down here to get \$500 before I

What for ?" asked Wagner. "I then explained my case, and when I finished. Wagner told me that he wouldn't pay me a nickel. He said I belonged to the New York Club, and I could either sign with Tal-

ett or quit the business. I told him I didn't think the Washington Club could sell me like a common plece of property, but he merely gave me the laugh and informed me that the Washington Club would have nothing to do with ma. I threatened to hold off and block the deal, but Wagner said he didn't care what I did, and that he could wait as long as I

What do you intend to do?" the reporter

"I shall see Mr. Talcott Monday morning and sign a contract. I know that I have either got to sign with New York or quit the

either got to sign with New York or quit the pusiness, and I'm not prepared to get out of baseball just now."

Then it's pretty conclusive that you'll sign?" queried The Sun man.

Yee, I will. I don't want to say anything more, for it wouldn't be right to make any trouble for the New York Club. In fact, so much has been written about me that I prefer to have the whole matter dropped. The publis will expect too much of me just as in Pittsburgh two years ago. If I should happen to have any hard luck the public might get sore on me. I dislike notoriety, and this is the first time in my life that I ever hung out for more money than was offered me. No bail player ever had a better chance to get something out of a deal like this than I. By signing with New York I lose just \$500, while the Wagners porket \$7,500 for the sale of my services and Meskin's. If any fair-mindsd person believes this is just, I'd like to hear his argument. But what can I do? I'm in a position where I've got to play bail in New York club managers that he would accept their terms, which is the same as signing a contract.

Barebalt Gimes Yesterday.

Fully 1,000 persons journeyed to the Pologrounds yesterday, expecting to see the New Yorks wipe up the diamond with the old-time Metropolitan players. However, the cranks were disappointed, as the "Indians" played remarkably well, considering that they have had little practice. Much interest was manifested by the onlookers as to what Roseman would accomplish. The "chief" played first base, and, with the exception of a wild throw, the ball going too far to left field, accepted every chance. But Roseman's sprinting abilities were what caught the eye of the onlookers. In the second inning trans lined out a doube, and, try as he would, Roseman seemed unable to make any progress and was thrown out at the plate. Roseman made a home run hit in the sixth inning and managed to reach see, and Jack Nelson, Johnny Troy, and Sam and the second lack Nelson, Johnny Troy, and Sam Brown, 4: AMESBUET, 2. NEW YORK, 9: METROPOLITAN, 3. the plate. Rossman made a home run hit in the sixth inning and managed to reach see-end. Jack Neison, Johny Troy, and Sam Crane played well for the Metropolitans. Da-yis and Stafford arried off the honers for the New Yorks. A snow squall set in in the third inning, and as it had not ceased in the sixth inning Umpire Hartley called the game. The score:

With the exception of the first three innings, the College of the City of New York nine played an errorless game against the embryo ministers from Cheisea square yesterday morning at the Columbia Oval. The Theologians fielded superbly, but were much inferior to the college boys in patting strength. Although the C. C. N. Y. team braced up and made a great snurt in the eighth and ninth innings, the lead obtained by the ministers in the first three innings was too great, and the Theologians won by the following score:

UNIVERSITY OF VIRGINIA. April 7.—Wild pitching and too many errors made the game between the University of Virginia and the University of Vermont a very one-sided affair. The game was also remarkable for the number of men hurt, no less than six men being injured in the play. The home team was handleapped by the loose playing of three of their men, who by their untimely errors threw the game away. The score:

ANDOVER, Mass., April 7.—The baseball season was opened here to-day, when Andover met and defeated the Somerville team. The initial game was rather slow on account of the cold. Sedgwick twirled the aphere for the home nine in good share, and lirew caught a natty game. The visitors' battery was not so scientific. The Academy boys outplayed the professions as at nearly every point up to the eighth inning. At this stage they went completely to pieces, but in the last inning tightened up and saved the game which the Somervilles had tied in the eighth. The fielding on both sides was only fair. Moore, at first, played a sharp game for the visitors, while Barnes and Paige hit in clean shape for andover. The score:

The Seventh Regiment A. A. held its semiannual games in the armory last night. style and numbers the gathering left little to be desired, and the space set apart for promenaders swarmed all the evening with a restless throng decked in the extreme of fashion. Within the arona the spectacle was decidedly tame, and very few of the performances encroached on the old-established standards. The half-mile walk and running high jump were notable exceptions. In the former, Lloyd Collis, Company F, was timed as do-ing 3 minutes 191-5 seconds and supplanting the previous armory record of 3 minutes 20 2-5 seconds, made by himself Dec. 5, 1891. Even at this lively gait he could get no nearer than third at the finish.

The other record breaker was F. M. Ed-wards, Company F. He cleared 5 feet 8 inches in the running high jump, one inch better than the record established by himself a year ago. He was a little more fortunate than Col-lis, and secured second place. A remarkable incident signalized the three
